

LUXURY TRAVEL *Bcn*

Hotel Bayerischer Hof

Promenadeplatz 2-6, 80539 Munich

The moment you enter our building you will become aware of two things: firstly the atmosphere of a leading world-class luxury hotel in the heart of Munich. With a selection of 373 luxurious rooms and a wide variety of conference rooms, restaurants and bars. You'll notice something else, too: we are happy you have chosen to stay with us, you'll feel welcome here. No wonder we're able to welcome back many of our guests time and time again.

Since the day it first opened in 1841 to the present day, guests at this traditional Grand Hotel have always demanded the best. From queens to Hollywood legends to pop stars. It has the stylishness of ambience, the variety of interior design in the rooms and the exclusivity of furnishings to satisfy the most exacting standards. After all, you don't just want to feel happy here. You want to feel at home. And with our 360° panoramic images you can take a short tour through the various rooms of a unique luxury hotel right now.

It's marvellous when a well-established five star hotel can always offer something new even to its regular guests. This is why the Bayerischer Hof offers you a choice of six different room styles. Admittedly it's not easy to decide. Having considered long and hard, if you still can't make up your mind there's only one thing for it: stay with us more often.

What do you need for conferences, events and celebrations in the Bayerischer Hof? All you need is an occasion. The right setting is already there: you have a free choice from our 40 air-conditioned banqueting and meeting facilities. How about the impressive ballroom ensemble, for example, or the stunning salons in the Palais Montgelas? Or the Dachgarten (roof garden), offering a magnificent view?

We know: food is the way to a hotel guest's heart. So we made sure that some of the most famous kitchens in the city are to be found right here in the Bayerischer Hof. With our three restaurants, the choice is yours. We'll also be happy to welcome you to the Dachgarten (roof garden), where you can enjoy both the view out across the city and your breakfast.

Are you one of those people who would like to leave everyday life behind once in a while? Do you long to reconnect to your senses and unwind in a place dedicated solely to relaxation and regeneration? Then the Blue Spa is just what you've been waiting for. High above the roofs of Munich, the Blue Spa is the crowning glory of the Hotel Bayerischer Hof. Here star architect Andrée Putman has created a unique oasis in the midst of a lush roof garden. Our team extends you a very warm welcome.
