## Hotel Meurice

228, rue de Rivoli, 75001 Paris

The legendary Le Meurice is a luxury hotel in the heart of Paris with a prestigious location between Place de la Concorde and the Louvre on the fashionable rue de Rivoli. Following centuries in which Le Meurice has played host to international royalty, fashion designers and countless public figures, this five-star Paris hotel is a place where history and the latest fashionable trends meet.

Surrounded by Parisian cafes, the romantic Tuileries Garden, trendy boutiques, from Maria Luisa to Colette, Hermes to Chanel, Goyard to John Galliano, Cartier and all the jewellers of Place Vendôme, Le Meurice reflects the lively rhythm and elegant ambience of the chic 1st arrondissement in the heart of Paris.

Every room and suite at Le Meurice is an oasis of calm with space and silence providing the utmost in luxury. Each of the seven floors has a distinct style, with 115 rooms decorated in a style reminiscent of Louis XVI. All the rooms are soundproofed and have air conditioning, high-speed Internet access, multiple telephone lines, a direct line, fax machines upon request and cable television.

The hotel has six specially adapted rooms for disabled guests with full facilities, as well as a special entrance in the hotel Lobby.

The Hotel Le Meurice offers to travellers and Parisians a wonderful choice of memorable moments. Our clients can choose between the sumptuous Restaurant le Meurice, overlooking the Tuileries Garden, or the restaurant le Dali, fitted out under a monumental canvas (of 145 square meters / 1560 square feet) painted by Ara Starck.

With its intimist atmosphere, its deep leather armchairs and dark woodwork, the Bar 228 is an ideal setting for sipping our exclusive cocktails and socialising...

From January 1 2008, Hotel Le Meurice, the most of Parisian Palaces and recently restyled by Philippe Starck, has chosen Valmont, a luxury brand for its spa treatments.

Of Swiss origin, the Valmont brand has been specialising for the past 20 years in delaying the appearance of the first signs of skin ageing. This exclusive brand present in 33 spas around the world has an extensive product range with nine different facial treatments (hydrating, regenerating, anti-wrinkle, toning etc...) and more than 40 products for the face, body and recently hair.
