

## Hotel Royal Square

Kalku Street 3a, Riga

Royal Square Hotel & Suites is located in a very prestigious location – in the very heart of the Old Town on the main pedestrian street which connects the well known Town Hall square with the Monument of Freedom.

Take advantage of the hotel central location – less than a five minute walk from the Latvian National Opera, the President's Palace and the City Council Square.

Many historical sites such as the Dome Cathedral, famous Blackheads House, the Great Guild and the Alberta street (famous for its art nouveau architecture) are within walking distance.

Most of the major business districts, embassies, banks, shopping areas and venues of entertainment and relaxation are easy to reach as well.

Each of the individually-designed rooms is located on five floors, paying respect to the foundations of the four homes of wealthy Rigans upon which the hotel is built. You can access these via the stairs or a panorama lift from which to view the dancing lights reflected by the water-feature of the indoor courtyard.

Classic and Executive rooms plus Deluxe Suites, Luxury Suites have floor-to-ceiling windows to invite natural light, decorated with charming stained-glass windows that harken back to days of old. Almost every one of these has doors opening out to a French balcony. You'll appreciate the luxurious touches of natural wooden floors and silk textiles used in the interior design — all complimented by 21st century technology.

Fine German linen and comfortable beds are sure to soothe you to sleep. For the ultimate in luxury, suites offer extras such as private sauna, Jacuzzi and a romantic fireplace. Rest assured that the Presidential Suite is the largest and most beautiful in Latvia.

All our guests have the opportunity to rejuvenate in our relaxation centre on the fifth floor, complete with sauna and Jacuzzi. Imagine lying back, listening to gentle music and gazing up into the stars through the large windows, as you float among the warm bubbles and soak your cares away.

Attention to every detail has been considered at Desiderata restaurant — comfortable chairs, perfectly crisp tablecloths and serviettes, fresh fragile flowers, elegant cutlery, fine tableware and most importantly, cuisine with expert service.
